9. [H-SB012.1-002 : Moving Target Defense](#)

Release Date: 10-25-2011Open Date: 11-16-2011Due Date: 01-05-2012Close Date: 01-05-2012

For details, please refer to the solicitation details located at FedBizOpps website. In the current environment, our systems are built to operate in a relatively static configuration. For example, addresses, names, software stacks, networks, and various configuration parameters remain relatively static over relatively long periods of time. This static approach is a legacy of information technolo ...
